```
**Programming Language:** C
**Version Control:** Git
**Build System:** GNU Make
**AST VISUALIZER:** Graphviz
```

Tech Stack

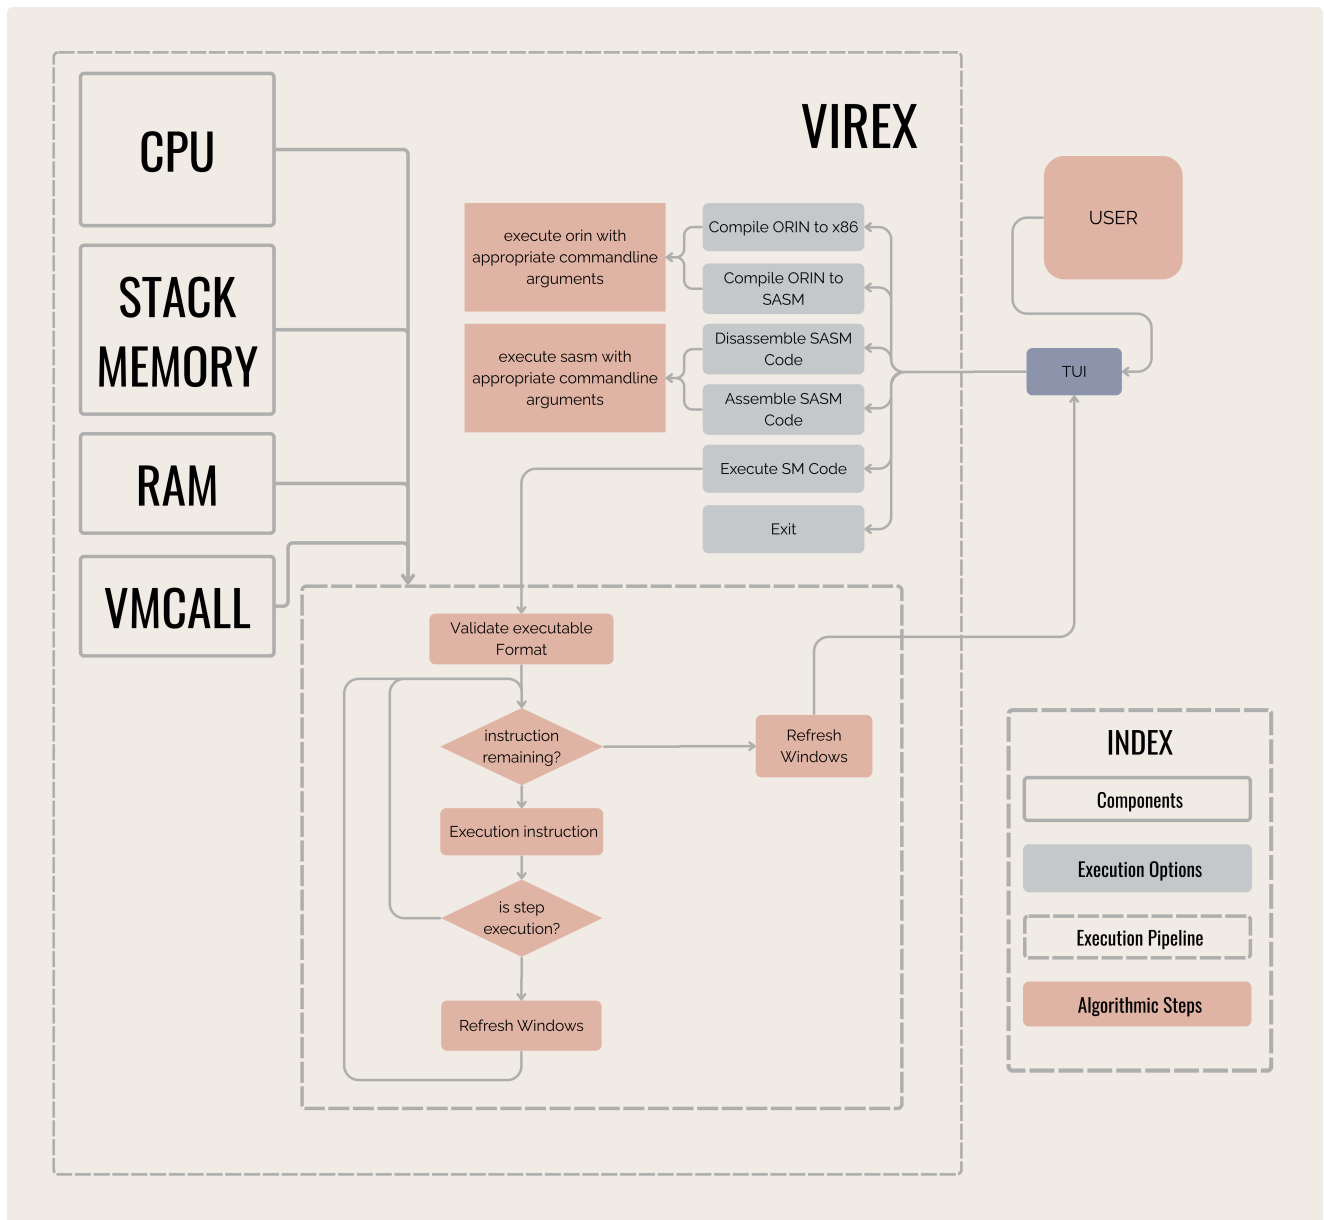

!!! warning ""

Other than the above mentioned tools, we have also used libraries like NCurses to build the UI.

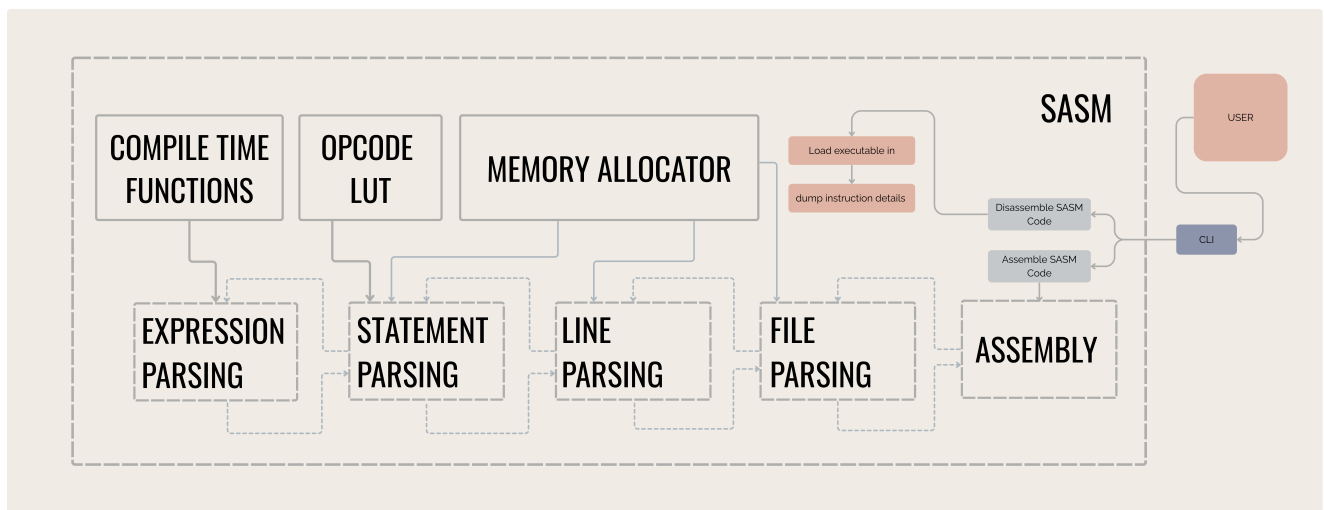

```

Architecture

VIREX

SASM

Individual Components of SASM

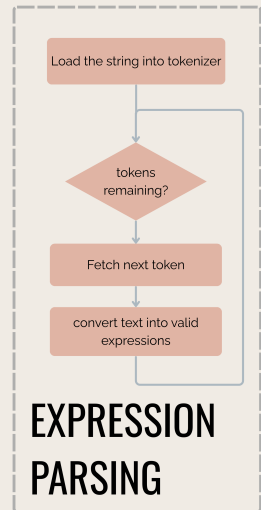

(a) Assembly Pipeline

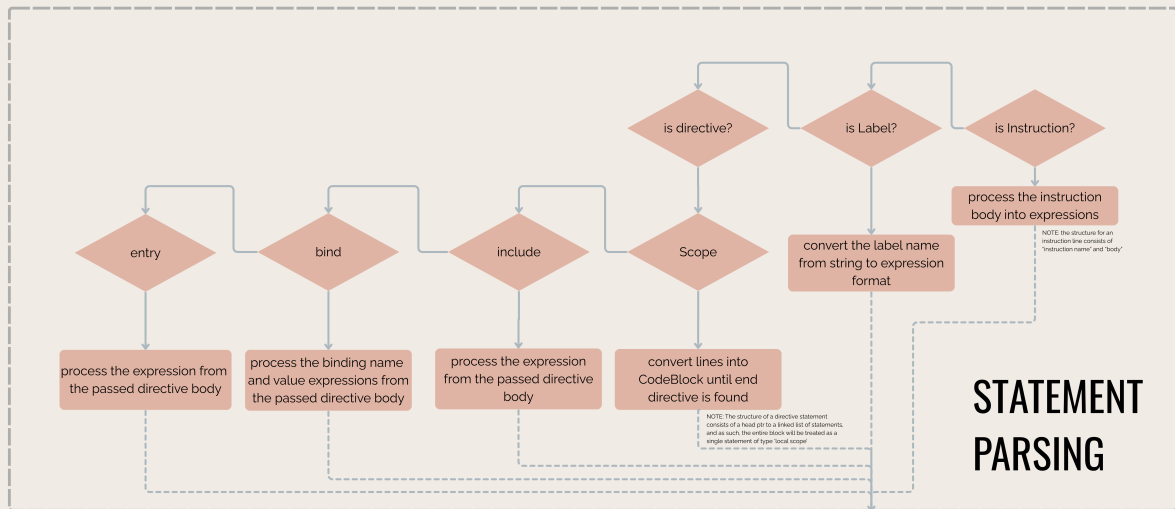

(b) File Parsing

(c) Line Parsing

(e) Expression Parsing

(d) Statement Parsing
